Safety Precautions

1. If you must use the earbuds while driving, ensure your attention is fully focused on driving safety. Be a responsible driver and abide by the local laws.
2. Place in a children's unreachable area, never allows them to play with the earbuds and the case, small parts pose as a choking hazard.
3. Obey all designated areas such as hospitals, electronically restrictive and hazardous environment that require an electrical device be switched off.
4. Turn off your earbuds prior to boarding on an aircraft. Do not use it while being asked by the flight attendant.
5. Never mount or store your earbuds over any air bag deployment area as serious injury could result upon deployment.
6. Do not attempt to disassemble the earbuds as it does not contain serviceable components.
7. Earbuds built with battery inside and should dispose of it according to local regulations, not as a household waste.

Maintenance

1. Consider put the earbuds back to the case and close it before placing it into your pocket or bag. If the MFB is accidentally pushed, your phone may place an unintended call.
2. Do not expose the earbuds to liquid or humidity, as it is not waterproof.
3. Do not use abrasive cleaning solvents to clean the earbuds.
4. Do not expose the earbuds to extremely high or low temperature environment.
5. Do not expose the earbuds to contact with sharp objects as this will cause scratches and damage.
6. Do not stick anything inside the case as this may damage internal components.
7. Do not attempt to replace the case's battery. It is built-in and is not removable.
